WHY PURSUE A GRADUATE CERTIFICATE IN GLOBAL TECHNOLOGY MANAGEMENT?
Over the past decade, successful outsourcing strategies have evolved from a client/vendor methodology to an integrated team approach. Small and medium-sized enterprises (SMEs) have leveraged outsourcing to gain scalability and cost competitiveness in the marketplace. Many of these SMEs have expanded their outsourcing relationships to Build-Operate-Transfer (BOT) models to ensure that core institutional knowledge remains a part of their company’s assets and value propositions. The NJIT Post-Graduate Program in Global Technology Management (GTM) directly responds to the evolving needs of employees and employers alike by focusing on the above listed critical success factors.

WHY STUDY GLOBAL TECHNOLOGY MANAGEMENT AT NJIT?
The certificate in global technology management offers a strong combination of courses from the College of Computing Sciences (CCS) and the School of Management (SOM). NJIT has pioneered in the applications of new technologies applying team-support, communications and social networking tools to organizations. CCS educates one of the largest groups of computing students in the nation. SOM has been recognized among the limited number of business schools accredited by AACSB, the top national accreditation.

GAINFUL EMPLOYMENT DISCLOSURE
For more information about our graduation rates, the median debt of students who completed the program, and other important information, please visit our website at: http://adultlearner.njit.edu/programs/globaltechmgmt-cert-ge.php

WHAT WILL I LEARN?
- Usability analysis; visual information; ethics; global diversity, global communication; report writing; information literacy; communicating with new technologies; and technical writing.
- Roles of both competitive environment and the organization’s experience in developing corporate strategy to gain competitive advantage.
- The impact of IT solutions, by learning to deconstruct, analyze and configure IT systems in alignment with enterprise-wide business strategies.
- Develop an intellectual framework that will allow leaders of organizations to critically assess existing infrastructures and emerging technologies as well as how these enabling technologies might affect organizational strategy.
- In-depth study of the security and privacy issues associated with the massive amount of data that is collected, stored, shared and distributed in today’s society.

*Now or shortly available online.
Courses are subject to change.
Take care to select courses in proper order. Check course descriptions, because they state if one course must be taken before (i.e.; is a prerequisite to) another.

WHERE ARE THE CLASSES OFFERED?
The full credential can be studied online or at NJIT’s Newark campus. Customized NJIT degrees and academic certificates can be brought on-site to your company or customized and conducted at a location convenient to a consortium of companies.

IS FINANCIAL AID AVAILABLE EVEN FOR PART-TIME STUDENTS?
Yes, sources of financial aid or tax credits are available at: http://adultlearner.njit.edu/costs.

WHAT IS THE TUITION FOR GRADUATE COURSES?
Use the tuition calculator to see full costs, and the fuel saving calculator to figure how much gas money is saved by studying online, visit: http://adultlearner.njit.edu/costs.

CAN THE GRADUATE CERTIFICATE BE APPLIED TO AN ADVANCED DEGREE?
Courses in the Graduate Certificate program in Project Management can be wholly applied to NJIT’s MS in Management, or MS in Information Systems, or MS in Business and Information Systems.

HOW DOES THE GRADUATE CERTIFICATE PROGRAM WORK?
In any given year, NJIT offers a new slate of Graduate Certificates, each in a specific area which is in a fast growing and employable profession. Each stand-alone credential is a milestone in its own right and can be a 12-credit springboard to a matching Masters Degree program at NJIT or elsewhere. The credential can be completed in as little as one academic year of part time study. Many can be studied in whole or in part online. The straightforward and rapid admissions process requires possession of an undergraduate degree with a satisfactory grade point average. A GRE or GMAT score is not a pre-requisite. Depending on the program, courses can be taken online, on campus, or at NJIT extension sites around New Jersey. For a complete list of available Graduate Certificates, please visit http://www.njit.edu/gradcert.

BRINGING A GRADUATE CERTIFICATE TO YOUR COMPANY
Arrangements can be made to bring a Graduate Certificate or Master’s program on-site to your company. A customized Graduate Certificate can also be offered to match your company’s area of technological and managerial specialty.
